LEARN MORE

Poster Perfect is built to convert visitors into DMs

Poster Perfect was founded in Blantyre on a simple belief: great businesses deserve great design. Too many brands in Malawi and across Africa are forced to choose between expensive agencies or generic templates that don’t fit. We’re here to close that gap. As a designer and International Management student specializing in Trade, Tax & International Relations, I built Poster Perfect to give startups, restaurants, salons, and growing businesses access to custom, world-class branding without the corporate price tag. Our mission is to make you look unforgettable — whether it’s a logo that defines your legacy, a menu that increases orders, or social media graphics that stop the scroll. Our philosophy is partnership over transaction: we listen first, design second, and don’t stop revising until it feels like you. The vision is to help 1,000 African brands compete globally with visuals that command respect. Your vision, our design — let’s build something perfect.

Count on Poster Perfect to look after your brand needs

We design custom logos & brand kits, social media graphics, restaurant menus, posters, flyers, business cards, brochures,websites, packaging, and labels. One designer for all your visuals — print + web ready, fast turnaround, unlimited minor revisions.

Client Testimonials

“I launched my online boutique with a logo from Poster Perfect and people think I’ve been in business for years. The brand kit made my Instagram look so professional. She gave me 3 concepts and nailed it on revision #2. Best money I’ve spent starting up.”

Thandi M., Founder, Lilongwe

“Poster Perfect redesigned our entire menu and social media look. Orders went up 30% the first month because the new menu was so much easier to read and the food photos actually looked appetizing. Fast, affordable, and he understood exactly what our cafe needed.”

Chisomo B., Cafe Owner, Blantyre

“Needed last-minute posters for our youth conference. Poster Perfect delivered 2 amazing options in 24 hours. The print quality was perfect and we had record attendance. I don’t use anyone else for my event graphics now.”

Daniel K., Event Organizer, Zomba
